

Stoke Newington School and Sixth Form

Pupil Premium Grant (PPG)

Total number of pupils on roll	1499
Total number of pupils eligible for the PPG	499
PPG funding per pupil	£900
Total of PPG funding received in 2011-12	£153,720
Total of PPG funding received in 2012-13	£310,877
Total of PPG funding received in 2013-14	£449,100

Aims

Our school has the highest aspirations for all our students and we make every effort to ensure that our students who are not financially advantaged get excellent support. We believe that the core focus for us to enable outstanding progress is to ensure excellent teaching and learning in every lesson: we therefore want to shift some funding in to ensuring this happens – particularly to ensuring our FSM students get excellent feedback (see Sutton Trust report) on how to improve. The school recognises that students who receive FSM will also benefit in terms of having additional educational support outside the classroom. Some of our funding is used to give targeted tutoring and small group teaching.

Provision in 2013-14

Student eligible to benefit from the PPG during 2013-14 will have benefited from one or more of the following, which have been funded or part funded through the PPG:

- Smaller class sizes in English, Maths, Science at KS3
- Smaller option groups at KS4
- One to one tuition
- Involvement in intervention groups for English and Maths
- Provision of additional revision guides and books
- Subsidised places on school visits which go beyond core provision
- Residential revision sessions in Year 11

Measuring the impact of PPG funding in 2013-14

School

- For year 11 the impact of intervention groups and one to one tuition for our students who came to us with level 4 and/or KS2 total points of 10-12 was positive – and there was an increase in students making expected progress compared to previous years.

In particular in mathematics the students who came to us with level 4 made very good progress – well above national non FSM figures.

Across the English Baccalaureate GCSE's: Maths, English, Science, Languages and History or Geography the pupil premium students had significantly better attainment than national averages. In particular the

percentage passes for pupil premium students in Mathematics (64% school; 53% national), Science (73% school; 58% national), Languages (97% school; 59% national) and Humanities (60% school; 49% national) were significantly better than national averages. Progress across Mathematics, English, Science and Languages was significantly better at SNS than it is nationally for pupil premium students.

	FSM Students making expected progress 2011	FSM Students making expected progress 2012	FSM Students making expected progress 2013
Maths	57	70	64
English	53	56	65

However we still want to do more and close the gaps further. A key area for us is supporting our higher achieving students even more.

Priorities for support from the PPG funding in 2014-15

- (with a view to increasing this next year)
- Homework club £20k
- Inclusion team staffing working with FSM students to support engagement: £60k

Activity	Cost for FSM students	School addition for non FSM students
KS3 Intervention funding to support students coming to us with Level 3 English, Maths, Science and Languages – additional Saturday sessions Feb 2015	£110k	£20k
KS4 Intervention funding to support C/D and A/A* target FSM students:	£70k	£20k
One to one tuition for FSM students in Year 10 and 11	£30k	
Subject specific resourcing for FSM students – additional materials to be purchased Jan 2015.	£50k	£20k
Study skills resourcing for FSM students – Yr 8 and Yr 10 sessions run Jan/Feb 2015in	£10k	
Literacy development – funding part of literacy leader salary	£30k	£30k
Part resourcing of Caribbean heritage and Turkish Kurdish home school liaison workers	£20k	£20k
Specific funding for mentoring students coming to us with pupil premium who have level 5 at KS2 – Saturday school March 2015	£30k	
Homework club	£20k	£5k
Inclusion team staffing working with FSM students to support engagement	£50k	
Total	£450k	£115k

Progress in 2013-14

The tables below show the improvement in progress of all Yr 7 to Yr 11 students who receive pupil premium funding compared to last year. We are pleased with the increase and look forward to this rate of improvement continuing.
