

Time (term)	Unit Title	Description
10.1	Contemporary Issues in Sport	Students will begin preparing for their January assessment by learning about participation in sport and the barriers which prevent that. They move on to the role of sport and its promotion of social and emotional values in the UK.
10.2		After half term pupils learn about major sporting events like the Olympic games and the positive and negative effects of hosting. The role of national governing bodies within the UK is where we finish the unit and begin final preparations for assessment.
10.3	Developing Sports Skills	Pupils participate and officiate in a range of team and individual sports whereby they learn the skills, rules and tactics needed for success.
10.4		
10.5		To complete the course pupils review and evaluate their own and others performance in this unit and compose a report for assessment.
10.6		Final Assessment
