

Time (term)	Unit Title	Description
11.1	Sport and the Media	Pupils know and understand how sport is covered in the media and the positive effects that it can have.
11.2		The negative effects that media can have on sport are analysed before moving on to the final learning objective relating to sport being a commodity and the commercialisation of sport
11.3	Sports Leadership	This more practical unit begins in the classroom learning about the qualities, styles and roles of leaders in sport.
11.4		Pupils now learn about effective planning and preparation required by all leaders in sport, this involves pupils learning about the difference between a risk and a hazard and going on to conduct their own risk assessments.
11.5		After sufficient planning time students begin leading sports coaching sessions to local primary school pupils with supervision. They end the year by evaluating the
11.6
